**GERIATRIC MEDICINE FOR PRIMARY CARE:
GERIATRICS/NEUROLOGY/RHEUMATOLOGY**

**Disneyland Resort, California – Disney’s Grand Californian Hotel & Spa
March 27 – 29, 2020**

Friday, March 27th:

7:00 am – 7:30 am

Registration and Hot Breakfast

7:30 am – 8:30 am – Geriatrics

Approach to the Geriatric Patient

Poly-pharmacy and dosing problems; functional assessment; quality-of-life issues; abuse; interacting with the patient and the family

8:30 am – 9:30 am – Geriatrics

Assessing and Managing Urological Disorders

Incontinence and two of the following: BPH, prostate cancer, prostatitis or sexual dysfunction

9:30 am – 9:40 am

Coffee Break

9:40 am – 10:40 am – Geriatrics

Controversies in the Management of Hypertension in Older Adults: How Low is Too Low?

Best evidence for treatment goals for hypertension in diabetics and those with previous stroke; Controversial evidence for the various guidelines for diagnosing and treating hypertension in older adults; Best evidence based medications for hypertension

10:40 am – 11:40 am – Rheumatology

Evaluating the Patient with Joint Pain

Differentiating between inflammatory and non-inflammatory joint pain; the utility of joint aspiration and lab workup with interpretation of synovial fluid analysis; differential diagnosis of joint pain and inflammatory arthritis

11:40 am – 12:40 pm – Rheumatology

Update in Pharmacology for Arthritis

Review risks and benefits of traditional NSAIDs and cox-2 inhibitors; analgesics (narcotics and tramadol) and acetaminophen

12:40 pm

Session Adjourns

Saturday, March 28th:

7:00 am – 7:30 am

Hot Breakfast

7:30 am – 8:30 am – Rheumatology

Crystal Disease: Gout and Pseudogout

Properly diagnosing and treating crystal diseases such as gout and pseudogout

8:30 am – 9:30 am – Rheumatology

Geriatric Gait Disorders and Falls

Diagnosing problems associated with gait abnormalities; considering causes and prevention of falls; exercise training, aerobics, balance training, resistance

9:30 am – 9:40 am

Coffee Break

9:40 am – 10:40 am – Geriatrics

Managing the Behavior Problems in Dementia Patients

Identification and understanding of undesired behavior; strategies for working with dementia patients, including communication approaches, environmental changes, the use of both rewards and redirection

10:40 am – 11:40 am – Neurology

Evaluating Weakness

Using the history and physical examination to distinguish weakness from non-specific symptoms; characteristics of neurological diseases that produce weakness; presentations of representative diseases of the nervous system

11:40 am – 12:40 pm – Rheumatology

Alzheimer's Disease & Other Dementias

Definition; statistics; neurological changes of normal aging; pathology; etiological theories; vascular dementias; investigations; social issues; symptomatic treatment; research therapies

12:40 pm

Session Adjourns

Sunday, March 29th:

7:00 am – 7:30 am

Continental Breakfast

7:30 am – 8:30 am – Rheumatology

Parkinson's Disease & Other Movement Disorders

Epidemiology; cardinal features; secondary features; pathology; neurochemistry; differential diagnosis; treatment; complication; other movement disorders; neuroleptic-induced movement disorders; chorea

8:30 am – 9:30 am – Rheumatology

Prevention and Management of Cerebrovascular Disorders

Epidemiology; identifying the high-risk patient; treatment effects; transient neurological deficit: carotid, vertebrobasilar; non-specific cerebral symptoms; migraines vs. TIA; treatment options

9:30 am

Conference Adjourns

Target Audience

This program is targeted to office-based primary care providers and other health professionals with updates in primary care medicine

Learning Objectives

Upon completion of this program, participants should be better able to:

- Utilize a comprehensive geriatric assessment to identify potential issues
- Describe the assessment and management of hypertension urologic disorders in older adults
- Differentiate between cognitive impairment, dementias, and Alzheimer's Disease, and formulate appropriate treatment options
- Distinguish signs of weakness and other neurological disorders
- Delineate the differential diagnosis and treat movement disorders
- Utilize prevention and treatment strategies for cerebrovascular disorders and stroke
- Differentiate between inflammatory and non-inflammatory joint pain and the differential diagnosis of each category
- Utilize current evidence to design treatment strategies for crystal disease
- Evaluate gait disorders and design practical approaches for the prevention of falls

Learning Outcome

To provide updates in primary care medicine to office based providers

Disclosure of Conflicts of Interest

Medical Education Resources insures balance, independence, objectivity, and scientific rigor in all our educational programs. In accordance with this policy, MER identifies conflicts of interest with its instructors, content managers, and other individuals who are in a position to control the content of an activity. Conflicts are resolved by MER to ensure that all scientific research referred to, reported, or used in a CME activity conforms to the generally accepted standards of experimental design, data collection, and analysis. MER is committed to providing its learners with high-quality CME activities that promote improvements or quality in health care and not the business interest of a commercial interest.

Disclaimer

The content, views and opinions presented in this educational activity are those of the authors and do not necessarily reflect those of Medical Education Resources. The authors have disclosed if there is any discussion of published and/or investigational uses of agents that are not indicated by the FDA in their presentations. Before prescribing any medicine, primary references and full prescribing information should be consulted. Any procedures, medications, or other courses of diagnosis or treatment discussed or suggested in this activity should not be used by clinicians without evaluation of their patient's conditions and possible contraindications on dangers in use, review of any applicable manufacturer's product information, and comparison with recommendations of other authorities. The information presented in this activity is not meant to serve as a guideline for patient management.

Accreditation

Physician Accreditation

Medical Education Resources is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Credit Designation

Medical Education Resources designates this live activity for a maximum of 12 *AMA PRA Category 1 Credit(s)*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

ABIM MOC Recognition

Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to 12 (part II) MOC points in the American Board of Internal Medicine's (ABIM) Maintenance of Certification (MOC) program. Participants will earn MOC points equivalent to the amount of CME credits claimed for the activity. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC credit.

American Academy of Family Physicians

This Live activity, *Geriatric Medicine for Primary Care*, with a beginning date of March 27, 2020 has been reviewed and is acceptable for up to 12 Prescribed credits by the American Academy of Family Physicians. Physicians should only claim the credit commensurate with the extent of their participation in the activity.

American Osteopathic Association

These programs are approved for 12 hours in Category 2-A by the American Osteopathic Association.

American College of Emergency Physicians

This program is approved by the American College of Emergency Physicians for a maximum of 12 hours of ACEP Category I credit.

Canadian Physicians

The College of Family Physicians of Canada (CFPC) has a reciprocal credit agreement with the American Academy of Family Physicians (AAFP) for activities which offer Prescribed credit. CFPC members who complete these conferences may claim the equivalent number of Mainpro-M1 credits.

American Academy of Physician Assistants

AAPA accepts certificates of participation for educational activities certified for Category I credit from AOACCME, Prescribed credit from AAFP, and *AMA PRA Category 1 Credit(s)TM* from organizations accredited by ACCME or a recognized state medical society. Physician assistants may receive a maximum of 12 hours of Category I credit for completing this program.

Nursing Accreditation

Medical Education Resources is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center's Commission on Accreditation.

This CE activity provides 12 contact hours of continuing nursing education.

This activity is designated for 5.5 ANCC pharmacotherapeutic contact hours.

The American Academy of Nurse Practitioners (AANP) Certification Board recognizes and accepts continuing education (CE) contact hours from activities approved by AMA, ACCME, ANCC, AANP, AAFP and AACN.

Provider approved by the California Board of Registered Nursing, Provider Number 12299, for 12 contact hours.

Pharmacy Accreditation

Medical Education Resources (MER) is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education. MER designates this continuing education activity for 12 contact hours (1.2 CEUs) of the Accreditation Council for Pharmacy Education.

Universal Program Number: 0816-0000-20-039-L01-P

Participants will be required to sign in at the start of the program and/or complete a program evaluation form.

Credits will be uploaded into CPE Monitor within 60 days of the activity.

This activity is certified as Knowledge-based CPE.
