

**INTERNAL MEDICINE FOR PRIMARY CARE:
GASTROENTEROLOGY/GYNECOLOGY/
ORTHOPEDICS/PULMONOLOGY**

**Maui, HI - The Westin Maui Resort & Spa Kaanapali
6/26/2022 - 6/30/2022**

Sunday, June 26, 2022

2:30 pm

Registration

3:00 pm - 4:00 pm - Gynecology

Abnormal Uterine Bleeding

Overview of normal/abnormal menstrual physiology/profile; menstrual disturbances; ovulatory and anovulatory uterine bleeding; other menstrual abnormalities; diagnosis and appropriate treatment options

4:00 pm - 5:00 pm - Gynecology

Menopause Transition and Hormone Replacement Therapy

Estrogen analogs; options in estrogen therapy; designer estrogens; SERMs; HRTs; risks/benefits, especially in breast cancer and CHD

5:00 pm - 6:00 pm - Gynecology

Breast Cancer Screening and Recent USPSTF Guidelines Update

Comparison of recent breast cancer screening recommendations from U.S. Preventive Services Task Force, ACOG/ACS/NCCN, including a discussion of risks and benefits of screening at various ages; Review of the new USPSTF guideline on BRCA-related cancer: risk assessment, genetic counseling, and genetic testing, including risk assessment tools for women with a personal or family history of breast, ovarian and related cancers

6:00 pm

Session Adjourns

Monday, June 27, 2022

7:00 am

Registration and Hot Breakfast

7:30 am - 8:30 am - Gastroenterology

Hepatitis B and C Management

HBV screening: whom to screen, whom to vaccinate; management of patients with decompensated hepatitis B related liver disease; treatment in special populations

8:30 am - 9:30 am - Gastroenterology

Approach to Abnormal Liver Function Tests and Non-Alcoholic Fatty Liver Disease (NAFLD)

A primary care approach to evaluating and managing mildly abnormal hepatocellular liver chemistry in the asymptomatic patient; review of NAFLD, its implications and management

9:30 am - 9:40 am

Coffee Break

9:40 am - 10:40 am - Gastroenterology

Celiac Disease and Chronic Diarrhea

Millions of Americans are now on a gluten free diet. Only some of them have sprue.

10:40 am - 11:40 am - Gynecology

Polycystic Ovary Syndrome (PCOS) Overview for Primary Care

Discussion of the normal balance of hormones (estrogen, progesterone and androgens) in the ovaries; Treatment of cysts and the regulation of menstrual cycles; Acne and hair growth; Treatment options

11:40 am - 12:40 pm - Gynecology

Contraception: A Primary Care Review of Best Practice

Coverage of the effectiveness, side effects and non-contraceptive benefits of available contraceptive options in the U.S.; Discussion of contraceptive counseling that is patient-centric including communicating without coercion; Management strategies for medically complex contraceptive decisions (patients with a history of VTE, breast cancer, hypertension)

12:40 pm

Session Adjourns

Tuesday, June 28, 2022

7:00 am

Registration and Hot Breakfast

7:30 am - 8:30 am - Pulmonology

Asthma

The medical impact of asthma; fundamental role of inflammation, with possible scarring and irreversible loss of lung function; practical points of diagnosis; goal setting management based on levels of severity; risk factors for mortality and treatment in the acute setting; management options for the difficult to control asthmatic patient

8:30 am - 9:30 am - Pulmonology

Controversies in the Treatment of Common Respiratory Infections

Acute and chronic bronchitis; pneumonia (community versus hospital-acquired); role of the Pneumonia Severity Index score in determining indication for hospitalization; cost-effective use of antibiotics; clinical significance of drug resistance; guidelines for management

9:30 am - 9:40 am

Coffee Break

9:40 am - 10:40 am - Pulmonology

COPD

Definition; pathophysiology; early detection and intervention; risk reduction; management update including new modalities (including lung volume reduction surgery) and the role of inhaled corticosteroids and domiciliary oxygen

10:40 am - 11:40 am - Gastroenterology

Management of Lower GI Bleeding- From Occult to Massive

The correct use and interpretation of tests for occult blood in the stool will be discussed in relation to lower GI bleeding; focus on the utility of different diagnostic and management approaches to the spectrum of patients presenting with hematochezia

11:40 am - 12:40 pm - Gastroenterology

Irritable Bowel Syndrome

This topic will discuss the pathophysiology, clinical manifestations, diagnosis, and management of IBS.

12:40 pm

Session Adjourns

Wednesday, June 29, 2022

7:00 am

Registration and Continental Breakfast

7:30 am - 8:30 am - Orthopedics

Shoulder Exam and Injection

Hands on physical assessment with discussion relating to diagnosis through various examination techniques; Specific tests used to examine the shoulder will be discussed; Functional testing performed in the office setting that provide information to the physician as relating to deficiencies that should be addressed when considering treatment.

8:30 am - 9:30 am - Orthopedics

Knee Injuries

A case presentation approach to the most common knee injuries physician will see in clinical practice; mechanism of injury, historical features, anatomy of injury, clinical findings evident in the exam; management of problems focused mostly on evidence based conservative interventions but also surgical options available; the top three: ACL, patellofemoral, meniscal

9:30 am - 9:40 am

Coffee Break

9:40 am - 10:40 am - Orthopedics

Ankle and Foot

This presentation will address a series of common acute and chronic injuries and pain syndromes to the foot and ankle as they would present in the primary care setting. The focus will be on developing a working differential diagnosis based on the historical mechanism of injury and exam findings.

10:40 am - 11:40 am - Pulmonology

Deep Vein Thrombosis & Pulmonary Embolism

Clinical presentation: The great masquerader; diagnostic controversies; acute treatment; chronic therapy and complications; ACCP Guidelines.

11:40 am - 12:40 pm - Pulmonology

Lung Cancer Screening & Pulmonary Nodules

Appropriate use of the new lung cancer screening recommendations; Fleischner Society guidelines and American College of Chest Physician Lung Cancer guidelines; approach to definitive evaluation and management strategies

12:40 pm

Session Adjourns

Thursday, June 30, 2022

7:00 am

Registration and Continental Breakfast

7:30 am - 8:30 am - Orthopedics

Commonly Missed Orthopedic Injuries in Children and Adolescents

The immature skeleton of the pediatric and adolescent athlete make it particularly vulnerable to a variety of acute and chronic injuries not seen in the adult population. Recognition of these injuries is critical in the care of the injured young athlete. Objectives of this session include providing physicians with an enhanced differential diagnosis of common and commonly missed musculoskeletal injuries specific to youth and recognition of which injuries can be treated by the primary care physician vs those requiring orthopedic referral.

8:30 am - 9:30 am - Orthopedics

Exercise as Medicine: Physical Activity Prescription

Current recommendations for physical activity in adults and children will be discussed; discussion of health benefits of exercise in adults; lay out of recommendations for beginning competitive athletics and weight lifting in children; important discussion of evidence-based methods for motivating patients to be active and expose the problems caused by the “no pain, no gain” culture

9:30 am

Conference Adjourns

Target Audience

This program is targeted to office-based primary care providers and other health professionals with updates in primary care medicine

Learning Outcome

To provide updates in primary care medicine to office based providers

Learning Objectives

Upon completion of this program, participants should be better able to:

- Assess and manage abnormal uterine bleeding
- Discuss menopausal transition and the risks/benefits of treatment options
- Discuss the current evidence and recommendations regarding breast cancer screening
- Describe the current diagnostic criteria for PCOS in adolescents
- Describe approaches to counseling patients for making complex contraceptive decisions
- List current treatment recommendations for HBV and HCV
- Identify risk factors for the development of non-alcoholic fatty liver disease
- Recommend appropriate testing for the workup of celiac disease
- List current treatment recommendations for the management of lower GI bleeding
- Evaluate the efficacy of treatment options for IBS
- Diagnose and manage patients with asthma
- Design treatment strategies reflective of current evidence-based medicine for common respiratory infections
- Describe the current therapeutic management of COPD
- Diagnose deep vein thrombosis and pulmonary embolism and discuss appropriate therapeutic options
- Discuss diagnosis and screening strategies as well as treatment plans for lung nodules and lung cancer
- Perform a physical exam of the shoulder
- Utilize observation, palpation, range of motion and neurologic exams to diagnose knee injuries
- Recognize chronic injuries and pain syndromes to the foot and ankle
- Recognize signs and symptoms of commonly missed orthopedic injuries in children and adolescents
- List strategies to promote exercise and physical activity in the general patient population

Disclosure of Conflicts of Interest

Medical Education Resources insures balance, independence, objectivity, and scientific rigor in all our educational programs. In accordance with this policy, MER identifies conflicts of interest with its instructors, content managers, and other individuals who are in a position to control the content of an activity. Conflicts are resolved by MER to ensure that all scientific research referred to, reported, or used in a CME activity conforms to the generally accepted standards of experimental design, data collection, and analysis. MER is committed to providing its learners with high-quality CME activities that promote improvements or quality in health care and not the business interest of a commercial interest.

Disclaimer

The content, views and opinions presented in this educational activity are those of the authors and do not necessarily reflect those of Medical Education Resources. The authors have disclosed if there is any discussion of published and/or investigational uses of agents that are not indicated by the FDA in their presentations. Before prescribing any medicine, primary references and full prescribing information should be consulted. Any procedures, medications, or other courses of diagnosis or treatment discussed or suggested in this activity should not be used by clinicians without evaluation of their patient's conditions and possible contraindications on dangers in use, review of any applicable manufacturer's product information, and comparison with recommendations of other authorities. The information presented in this activity is not meant to serve as a guideline for patient management.

Accreditation Statements

Joint Accreditation for Interprofessional Continuing Education

JOINTLY ACCREDITED PROVIDER™
INTERPROFESSIONAL CONTINUING EDUCATION

In support of improving patient care, Medical Education Resources is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

This activity was planned by and for the healthcare team, and learners will receive 20 Interprofessional Continuing Education (IPCE) credits for learning and change.

Physician Credit Designation

AMA PRA Category 1 Credits™

Medical Education Resources designates this live activity for a maximum of 20 AP™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

American Board of Internal Medicine MOC Recognition (ABIM)

Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to 20 (part II) MOC points in the American Board of Internal Medicine's (ABIM) Maintenance of Certification (MOC) program. Participants will earn MOC points equivalent to the amount of CME credits claimed for the activity. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC credit.

American Academy of Family Physicians (AAFP)

This Live activity, *Internal Medicine for Primary Care: Gastro/Gyn/Ortho/Pulm, with a beginning date of 6/26/2022 has been reviewed and is acceptable for up to 20 Prescribed credits by the American Academy of Family Physicians. Physicians should only claim the credit commensurate with the extent of their participation in the activity.*

American Osteopathic Association (AOA)

These programs are approved for 20 hours in Category 2-A by the American Osteopathic Association.

American College of Emergency Physicians (ACEP)

This program is approved by the American College of Emergency Physicians for a maximum of 20 hours of ACEP Category I credit.

Canadian Physicians

The College of Family Physicians of Canada (CFPC) has a reciprocal credit agreement with the American Academy of Family Physicians (AAFP) for activities which offer Prescribed credit. CFPC members who complete these conferences may claim the equivalent number of Mainpro-M1 credits.

Nursing Credit Designation

American Nurses Credentialing Center (ANCC)

Medical Education Resources designates this live activity for a maximum of 20 ANCC nursing contact hours. Nurses will be awarded contact hours upon successful completion of the activity.

This activity is designated for 7.0 ANCC pharmacotherapeutic contact hours.

American Academy of Nurse Practitioners (AANP)

The American Academy of Nurse Practitioners (AANP) Certification Board recognizes and accepts continuing education (CE) contact hours from activities approved by AMA, ACCME, ANCC, AANP, AAFP and AACN.

California Board of Registered Nursing

Medical Education Resources is approved by the California Board of Registered Nursing, Provider Number 12299, for 20 contact hours.

Physician Assistant Credit Designation

American Academy of Physician Assistants (AAPA)

Medical Education Resources has been authorized by the American Academy of PAs (AAPA) to award AAPA Category 1 CME credit for activities planned in accordance with AAPA CME Criteria. This activity is designated for 20 AAPA Category 1 CME credits. PAs should only claim credit commensurate with the extent of their participation.

Pharmacy Accreditation

Accreditation Council for Pharmacy Education (ACPE)

Medical Education Resources (MER) designates this live continuing education activity for 20 contact hours (2.0 CEUs) of the Accreditation Council for Pharmacy Education.

Universal Program Number: JA0003680-0000-22-XXX-H01-P

JA0003680-0000-22-XXX-L01-P

Participants will be required to sign in at the start of the program and/or complete a program evaluation form.

Credits will be uploaded into CPE Monitor within 60 days of the activity.

This activity is certified as Knowledge-based CPE.
