INTERNAL MEDICINE FOR PRIMARY CARE: GYNECOLOGY/SPORTS MEDICINE/PSYCHIATRY

**Las Vegas, NV - Wynn Las Vegas
October 28 - 30, 2022**

Friday, October 28, 2022

7:00 am

Registration and Hot Breakfast

7:30 am - 8:30 am - Gynecology

Abnormal Uterine Bleeding

Overview of normal/abnormal menstrual physiology/profile; menstrual disturbances; ovulatory and anovulatory uterine bleeding; other menstrual abnormalities; diagnosis and appropriate treatment options

8:30 am - 9:30 am - Gynecology

Menopause Transition and Hormone Replacement Therapy

Estrogen analogs; options in estrogen therapy; designer estrogens; SERMs; HRTs; risks/benefits, especially in breast cancer and CHD

9:30 am - 9:40 am

Coffee Break

9:40 am - 10:40 am - Gynecology

Breast Cancer Screening and Recent USPSTF Guidelines Update

Comparison of recent breast cancer screening recommendations from U.S. Preventive Services Task Force, ACOG/ACS/NCCN, including a discussion of risks and benefits of screening at various ages; Review of the new USPSTF guideline on BRCA-related cancer: risk assessment, genetic counseling, and genetic testing, including risk assessment tools for women with a personal or family history of breast, ovarian and related cancers

10:40 am - 11:40 am - Sports Med

Concussion in Sports: Recognition, Office Evaluation and Management for Primary Care

Those 18 years of age and younger are particularly vulnerable to concussion, its severity and consequences. This topic will cover the current definition, signs and symptoms, their significance and an office-based approach to mild traumatic brain injury that can accompany participation in youth sports. The presentation will include up-to-date return to sport guidelines and decision making and provide concussion management tools for the primary care physician.

11:40 am - 12:40 pm - Sports Med

Nutritional Considerations for the Young Athlete- The Female Athlete Triad

The growing popularity of organized youth sports is well documented. Young women are now participating in organized sports at historic levels. However, many active young women are often either misinformed on the proper dietary habits necessary for optimal health or willingly undermine their performance in the short term and adversely impact their health in the long term through destructive eating and exercise behaviors. The Female Athlete Triad is an increasingly recognized disorder in which aberrant eating behaviors coupled with excessive exercise leads to early bone demineralization at a crucial developmental period. The basis of this disorder will be discussed, its pathophysiology, early recognition and approaches to management will be presented from a primary care perspective.

12:40 pm

Session Adjourns

Saturday, October 29, 2022

7:00 am

Registration and Hot Breakfast

7:30 am - 8:30 am - Gynecology

Polycystic Ovary Syndrome (PCOS) Overview for Primary Care

Discussion of the normal balance of hormones (estrogen, progesterone and androgens) in the ovaries; Treatment of cysts and the regulation of menstrual cycles; Acne and hair growth; Treatment options

8:30 am - 9:30 am - Sports Med

The Pre-participation Sports Physical

The American Academy of Pediatrics, in conjunction with the American Academy of Family Physicians and American Medical Society for Sports Medicine published the 1st edition of the Preparticipation Sports Physical Examination monograph nearly 30 years ago. Currently in its 5th edition, the monograph contains the most recent evidence and consensus-based recommendations pertaining to the history, physical exam and clearance to play guidelines for practitioners caring for active youth.

9:30 am - 9:40 am

Coffee Break

9:40 am - 10:40 am - Sports Med

Commonly Missed Orthopedic Injuries in Children and Adolescents

The immature skeleton of the pediatric and adolescent athlete make it particularly vulnerable to a variety of acute and chronic injuries not seen in the adult population. Recognition of these injuries is critical in the care of the injured young athlete. Objectives of this session include providing physicians with an enhanced differential diagnosis of common and commonly missed musculoskeletal injuries specific to youth and recognition of which injuries can be treated by the primary care physician vs those requiring orthopedic referral.

10:40 am - 11:40 am - Psychiatry

The Complexity of Adult ADHD

Diagnosis and treatment of ADHD in adults with an emphasis on history taking, differential diagnosis, medical and psychiatric co-morbidity, and FDA-approved treatments

11:40 am - 12:40 pm - Psychiatry

Bipolar Spectrum Disorders

Bipolar spectrum disorders in adults compared to children and adolescents; the importance of longitudinal/developmental history; multiple medical and psychiatric co-morbidities; evidence-based treatments

12:40 pm

Session Adjourns

Sunday, October 30, 2022

7:00 am

Registration and Continental Breakfast

7:30 am - 8:30 am - Psychiatry

Anxiety Disorders

Symptoms and diagnoses; treatment options

8:30 am - 9:30 am - Psychiatry

Substance Abuse

Substance abuse history-taking to encourage patient honesty; accurate diagnosis; use of screening tools; co-morbidities and treatment options.

9:30 am

Conference Adjourns

Target Audience

This program is targeted to office-based primary care providers and other health professionals with updates in primary care medicine

Learning Objectives

Upon completion of this program, participants should be better able to:

- Assess and manage abnormal uterine bleeding
- Discuss menopausal transition and the risks/benefits of treatment options
- Discuss the current evidence and recommendations regarding breast cancer screening
- Describe the current diagnostic criteria for PCOS in adolescents
- Discuss signs, symptoms, significance and approach to mild traumatic brain injury as a consequence of athletic endeavors
- Describe the current recommendations, controversies and medicolegal considerations surrounding treating the adolescent female athlete
- Discuss the components of a pre-participation sports physical
- Discuss diagnoses that are common sports injuries
- Compare the benefits and side effect profiles of pharmacologic treatment options for ADHD
- Discuss mood stabilizing psychosocial and pharmacologic treatments of bipolar disorder as well as frequent co-morbid psychiatric disorders
- Review current evidence for the treatment of anxiety disorders
- Describe strategies for identifying and treating substance use disorders

Disclosure of Conflicts of Interest

Medical Education Resources insures balance, independence, objectivity, and scientific rigor in all our educational activities. In accordance with this policy, MER identifies conflicts of interest with its instructors, content managers, and other individuals who are in a position to control the content of an activity. Reported conflicts of interest are mitigated by MER to ensure that all scientific research referred to, reported, or used in a CE activity conforms to the generally accepted standards of experimental design, data collection, and analysis. MER is committed to providing learners with high-quality CE activities that promote improvements or quality in health care and not the business interest of a commercial interest.

Disclaimer

The content, views and opinions presented in this educational activity are those of the authors and do not necessarily reflect those of Medical Education Resources. The authors have disclosed if there is any discussion of published and/or investigational uses of agents that are not indicated by the FDA in their presentations. Before prescribing any medicine, primary references and full prescribing information should be consulted. Any procedures, medications, or other courses of diagnosis or treatment discussed or suggested in this activity should not be used by clinicians without evaluation of their patient's conditions and possible contraindications on dangers in use, review of any applicable manufacturer's product information, and comparison with recommendations of other authorities. The information presented in this activity is not meant to serve as a guideline for patient management.

Accreditation Statements

Joint Accreditation for Interprofessional Continuing Education

JOINTLY ACCREDITED PROVIDER™
INTERPROFESSIONAL CONTINUING EDUCATION

In support of improving patient care, Medical Education Resources is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

This activity was planned by and for the healthcare team, and learners will receive 12 Interprofessional Continuing Education (IPCE) credits for learning and change.

Physician Credit Designation

AMA PRA Category 1 Credits™

Medical Education Resources designates this live activity for a maximum of 12 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

American Board of Internal Medicine MOC Recognition (ABIM)

Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to 12 (part II) MOC points in the American Board of Internal Medicine's (ABIM) Maintenance of Certification (MOC) program. Participants will earn MOC points equivalent to the amount of CME credits claimed for the activity. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC credit.

American Academy of Family Physicians (AAFP)

This Live activity, *Internal Medicine for Primary Care: Gyn/Sports Med/Psych*, with a beginning date of October 28, 2022 has been reviewed and is acceptable for up to 12 Prescribed credits by the American Academy of Family Physicians. Physicians should only claim the credit commensurate with the extent of their participation in the activity.

American Osteopathic Association (AOA)

These programs are approved for 12 hours in Category 2-A by the American Osteopathic Association.

American College of Emergency Physicians (ACEP)

This program is approved by the American College of Emergency Physicians for a maximum of 12 hours of ACEP Category I credit.

Canadian Physicians

The College of Family Physicians of Canada (CFPC) has a reciprocal credit agreement with the American Academy of Family Physicians (AAFP) for activities which offer Prescribed credit. CFPC members who complete these conferences may claim the equivalent number of Mainpro-M1 credits.

Nursing Credit Designation

American Nurses Credentialing Center (ANCC)

Medical Education Resources designates this live activity for a maximum of 12 ANCC nursing contact hours. Nurses will be awarded contact hours upon successful completion of the activity.

This activity is designated for 6.0 ANCC pharmacotherapeutic contact hours.

American Academy of Nurse Practitioners (AANP)

The American Academy of Nurse Practitioners (AANP) Certification Board recognizes and accepts continuing education (CE) contact hours from activities approved by AMA, ACCME, ANCC, AANP, AAFP and AACN.

California Board of Registered Nursing

Medical Education Resources is approved by the California Board of Registered Nursing, Provider Number 12299, for 12 contact hours.

Physician Assistant Credit Designation

American Academy of Physician Assistants (AAPA)

Medical Education Resources has been authorized by the American Academy of PAs (AAPA) to award AAPA Category 1 CME credit for activities planned in accordance with AAPA CME Criteria. This activity is designated for 12 AAPA Category 1 CME credits. PAs should only claim credit commensurate with the extent of their participation.

Pharmacy Accreditation

Accreditation Council for Pharmacy Education (ACPE)

Medical Education Resources (MER) designates this live continuing education activity for 12 contact hours (1.2 CEUs) of the Accreditation Council for Pharmacy Education.

Universal Program Number: JA0003680-0000-22-XXX-H01-P

JA0003680-0000-22-XXX-L01-P

Participants will be required to sign in at the start of the program and/or complete a program evaluation.

Credits will be uploaded into CPE Monitor within 60 days of the activity.

This activity is certified as Knowledge-based CPE.
