GERIATRIC MEDICINE FOR PRIMARY CARE: GERIATRICS/NEUROLOGY/PAIN MANAGEMENT

**New York, NY - New York Marriott Marquis
December 13 - 15, 2024**

Friday, December 13, 2024

7:00 am

Registration and Breakfast

7:30 am - 8:30 am - Geriatrics

Approach to the Geriatric Patient

The demographics of aging and the physiologic changes in the elderly patient; Medication use in the elderly including changes in age-related pharmacokinetics and pharmacodynamics and medication adherence; Review of risky medications often used in elderly patients

8:30 am - 9:30 am - Geriatrics

Depression: Considerations in Older Adults

Overview of depression as a common condition often seen in primary care; The many ways depression negatively impacts other healthcare issues; Simple methods of recognition and managing depression in the primary care setting that can greatly improve the comfort, function, and the quality of life for older adults

9:30 am - 9:40 am

Coffee Break

9:40 am - 10:40 am - Geriatrics

Urological Disorders in the Older Adult

Review of two very common conditions seen in the elderly population: benign prostatic hyperplasia (BPH), and urinary incontinence; Pathogenesis, clinical symptoms, recommended evaluation and management options for BPH; Review of the anatomy and mechanism of normal urinary function, causes of incontinence, the evaluation and management

10:40 am - 11:40 am - Pain

Non-Opioid Pharmacologic Options in Pain Management

NSAID's, acetaminophen, topicals, injections, antidepressants, anticonvulsants, medical marijuana

11:40 am - 12:40 pm - Pain

Opioid Pharmacologic Options in Pain Management

Overall safety and efficacy, selecting and monitoring patients, pain contracts, regulatory issues

12:40 pm

Session Adjourns

Saturday, December 14, 2024

7:00 am

Registration and Breakfast

7:30 am - 8:30 am - Pain

Interventional Pain Management Options

Procedures, pain clinics, nerve blocks, shots, epidural options, and urine drug testing for primary care practitioners

8:30 am - 9:30 am - Pain

Update on Cannabis as Medicine for Primary Care

Cannabis mechanism of action; Clinical effects on pain; Addiction, withdrawal and dependency; Adverse effects

9:30 am - 9:40 am

Coffee Break

9:40 am - 10:40 am - Geriatrics

Geriatric Gait Disorders & Falls

Diagnosing problems associated with gait abnormalities; considering causes and prevention of falls; exercise training, aerobics, balance training, resistance

10:40 am - 11:40 am - Neurology

Alzheimer's & Other Dementias

Definition; statistics; neurological changes of normal aging; pathology; etiological theories; vascular dementias; investigations; social issues; symptomatic treatment; research therapies

11:40 am - 12:40 pm - Neurology

Evaluating Weakness

Using the history and physical examination to distinguish weakness from non-specific symptoms; characteristics of neurological diseases that produce weakness; presentations of representative diseases of the nervous system

12:40 pm

Session Adjourns

Sunday, December 15, 2024

7:00 am

Registration and Breakfast

7:30 am - 8:30 am - Neurology

Parkinson's Disease & Other Movement Disorders

Epidemiology; cardinal features; secondary features; pathology; neurochemistry; differential diagnosis; treatment; complication; other movement disorders; neuroleptic-induced movement disorders; chorea

8:30 am - 9:30 am - Neurology

Cerebrovascular Disorders

Epidemiology; identifying the high-risk patient; treatment effects; transient neurological deficit: carotid, vertebrobasilar; non-specific cerebral symptoms; migraines vs. TIA; treatment options

9:30 am

Conference Adjourns

Target Audience

This program is targeted to office-based primary care providers and other health professionals with updates in primary care medicine

Learning Objectives

Upon completion of this program, participants should be better able to:

- Utilize a comprehensive geriatric assessment to identify potential issues in the elderly patient
- Recognize and manage geriatric depression
- Describe the primary care work-up of incontinence in older adults
- Assess and manage gait disorders to prevent falls
- Design non-opioid pain management strategies
- Design opioid pain management strategies
- Describe interventional pain management strategies
- Discuss current evidence regarding the use of cannabis for pain management
- Discuss evidence-based management options for Alzheimer's disease
- Utilize history and physical examination to distinguish weakness from non-specific symptoms
- Evaluate weakness and recognize cardinal features of Parkinson's disease as well as other movement disorders
- Utilize prevention and treatment strategies for cerebrovascular disorders

Disclosure of Conflicts of Interest

Medical Education Resources ensures balance, independence, objective, and scientific rigor in all our educational activities. In accordance with this policy, MER identifies relevant financial relationships with its instructors, content managers, and other individuals who are in a position to control the content of an activity. Reported relevant financial relationships are mitigated by MER to ensure that all scientific research referred to, reported, or used in a CE activity conforms to the generally accepted standards of experimental design, data collection, and analysis, MER is committed to providing learners with high-quality CE activities that promote improvements or quality in healthcare, and not the business interests of an ineligible company.

Disclaimer

The content, views and opinions presented in this educational activity are those of the authors and do not necessarily reflect those of Medical Education Resources. The authors have disclosed if there is any discussion of published and/or investigational uses of agents that are not indicated by the FDA in their presentations. Before prescribing any medicine, primary references and full prescribing information should be consulted. Any procedures, medications, or other courses of diagnosis or treatment discussed or suggested in this activity should not be used by clinicians without evaluation of their patient's conditions and possible contraindications or dangers in use, review of any applicable manufacturer's product information, and comparison with recommendations of other authorities. The information presented in this activity is not meant to serve as a guideline for patient management.

Accreditation Statements

Joint Accreditation for Interprofessional Continuing Education

JOINTLY ACCREDITED PROVIDER™
INTERPROFESSIONAL CONTINUING EDUCATION

In support of improving patient care, Medical Education Resources is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

This activity was planned by and for the healthcare team, and learners will receive 12 Interprofessional Continuing Education (IPCE) credits for learning and change.

Physician Credit Designation

AMA PRA Category 1 Credits™

Medical Education Resources designates this live activity for a maximum of 12 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

American Board of Internal Medicine MOC Recognition (ABIM)

Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to 12 (part II) MOC points in the American Board of Internal Medicine's (ABIM) Maintenance of Certification (MOC) program. Participants will earn MOC points equivalent to the amount of CME credits claimed for the activity. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC credit.

American Academy of Family Physicians (AAFP)

AAFP has reviewed Geriatric Medicine for Primary Care: Geri/Neuro/Pain and deemed it acceptable for up to 12.00 Live AAFP Prescribed credits. Term of Approval is from 12/13/2024 to 12/15/2024. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

American Osteopathic Association (AOA)

These programs are approved for 12 hours in Category 2-A by the American Osteopathic Association.

American College of Emergency Physicians (ACEP)

This program is approved by the American College of Emergency Physicians for a maximum of 12 hours of ACEP Category I credit.

Canadian Physicians

The College of Family Physicians of Canada (CFPC) has a reciprocal credit agreement with the American Academy of Family Physicians (AAFP) for activities which offer Prescribed credit. CFPC members who complete these conferences may claim the equivalent number of Mainpro-M1 credits.

Nursing Credit Designation

American Nurses Credentialing Center (ANCC)

Medical Education Resources designates this live activity for a maximum of 12 ANCC nursing contact hours. Nurses will be awarded contact hours upon successful completion of the activity.

This activity is designated for 6.0 ANCC pharmacotherapeutic contact hours.

American Academy of Nurse Practitioners (AANP)

The American Academy of Nurse Practitioners (AANP) Certification Board recognizes and accepts continuing education (CE) contact hours from activities approved by AMA, ACCME, ANCC, AANP, AAFP and AACN.

California Board of Registered Nursing

Medical Education Resources is approved by the California Board of Registered Nursing, Provider Number 12299, for 12 contact hours.

Physician Assistant Credit Designation

American Academy of Physician Assistants (AAPA)

Medical Education Resources has been authorized by the American Academy of PAs (AAPA) to award AAPA Category 1 CME credit for activities planned in accordance with AAPA CME Criteria. This activity is designated for 12 AAPA Category 1 CME credits. PAs should only claim credit commensurate with the extent of their participation.

Pharmacy Accreditation

Accreditation Council for Pharmacy Education (ACPE)

Medical Education Resources (MER) designates this live continuing education activity for 12 contact hours (1.2 CEUs) of the Accreditation Council for Pharmacy Education.

Universal Program Number: JA0003680-0000-24-136-L01-P

Participants will be required to sign in at the start of the program and/or complete a program evaluation.

Credits will be uploaded into CPE Monitor within 60 days of the activity.

This activity is certified as Knowledge-based CPE.
