

PRIMARY CARE CONFERENCES
EXCEPTIONAL CME | EXTRAORDINARY LOCATIONS

WWW.MER.ORG

**INTERNAL MEDICINE FOR PRIMARY CARE:
CARDIOLOGY/GERIATRICS/ORTHOPEDICS/
PULMONOLOGY**

**Maui, HI - The Westin Maui Resort & Spa, Kaanapali
August 3 - 7, 2025**

Sunday, August 3, 2025

2:30 pm

Registration

3:00 pm - 4:00 pm - Orthopedics

Shoulder Injuries

Rotator cuff syndrome; impingement, frozen shoulder; subacromial bursitis; bicipital tendonitis; A-C joint disease

4:00 pm - 5:00 pm - Orthopedics

Elbow

Tennis and golfer's elbow, nursemaid's elbow, olecranon bursitis, supracondylar fractures, joint injection/ x-ray interpretation

5:00 pm - 6:00 pm - Orthopedics

Wrist, Hand, and Fingers

Carpal tunnel, CMC arthritis thumb, ganglion cyst, trigger finger, de Quervains disease.

6:00 pm

Session Adjourns

Monday, August 4, 2025

7:00 am

Registration and Hot Breakfast

7:30 am - 8:30 am - Geriatrics

Update in Pharmacology for Arthritis in the Older Adult

Review risks and benefits of traditional NSAIDs and cox-2 inhibitors; analgesics (narcotics and tramadol) and acetaminophen

8:30 am - 9:30 am - Geriatrics

Common Musculoskeletal Problems in the Elderly

Discuss strategies to minimize musculoskeletal problems in the elderly patient population.

9:30 am - 9:40 am

Coffee Break

9:40 am - 10:40 am - Geriatrics

Osteoporosis in the Older Adult

Review the epidemiology and pathophysiology of osteoporosis along with interpretation of DEXA scans and FRAX risk assessment; up-to-date therapeutic options

10:40 am - 11:40 am - Orthopedics

Knee Injuries

A case presentation approach to the most common knee injuries physician will see in clinical practice; mechanism of injury, historical features, anatomy of injury, clinical findings evident in the exam; management of problems focused mostly on evidence based conservative interventions but also surgical options available; the top three: ACL, patellofemoral, meniscal

11:40 am - 12:40 pm - Orthopedics

Ankle and Foot

This presentation will address a series of common acute and chronic injuries and pain syndromes to the foot and ankle as they would present in the primary care setting. The focus will be on developing a working differential diagnosis based on the historical mechanism of injury and exam findings.

12:40 pm

Session Adjourns

Tuesday, August 5, 2025

7:00 am

Registration and Hot Breakfast

7:30 am - 8:30 am - Pulmonology

Asthma

The medical impact of asthma; fundamental role of inflammation, with possible scarring and irreversible loss of lung function; practical points of diagnosis; goal setting management based on levels of severity; risk factors for mortality and treatment in the acute setting; management options for the difficult to control asthmatic patient

8:30 am - 9:30 am - Pulmonology

Controversies in the Treatment of Common Respiratory Infections

Acute and chronic bronchitis; pneumonia (community versus hospital-acquired); role of the Pneumonia Severity Index score in determining indication for hospitalization; cost-effective use of antibiotics; clinical significance of drug resistance; guidelines for management

9:30 am - 9:40 am

Coffee Break

9:40 am - 10:40 am - Pulmonology

COPD

Definition; pathophysiology; early detection and intervention; risk reduction; management update including new modalities (including lung volume reduction surgery) and the role of inhaled corticosteroids and domiciliary oxygen

10:40 am - 11:40 am - Geriatrics

Geriatric Gait Disorders & Falls

Diagnosing problems associated with gait abnormalities; considering causes and prevention of falls; exercise training, aerobics, balance training, resistance

11:40 am - 12:40 pm - Geriatrics

Crystal Disease: Gout and Pseudogout in the Older Adult

Properly diagnosing and treating crystal diseases such as gout and pseudogout

12:40 pm

Session Adjourns

Wednesday, August 6, 2025

7:00 am

Registration and Continental Breakfast

7:30 am - 8:30 am - Cardiology

Acute Coronary Syndromes: The Patient with Acute Chest Pain

Diagnosis and initial evaluation in the primary care setting, urgent care clinic and emergency department; Initial workup, treatment, and follow-up; Diagnosing and treating ST segment elevation and non-ST segment elevation MIs; The role of drug therapy--primary vs adjunctive to PCI; Follow up after acute coronary syndromome

8:30 am - 9:30 am - Cardiology

Work-up of Patients with Suspected CAD

Risk factor evaluation and risk assessment models; Test selection including ECG, echo, nuclear and newer imaging modalities (including discussion of appropriate use criteria--AUC); The usefulness of CT scanning; The role of bio markers and EBCT; Suspected CAD in special populations (women, diabetics, the elderly)

9:30 am - 9:40 am

Coffee Break

9:40 am - 10:40 am - Cardiology

Primary & Secondary Prevention of CAD

Definitions; AHA/ACC and other lipid guidelines updates; HDL Cholesterol: The good cholesterol?; Metabolic syndrome and/or obesity; Who needs treatment and how much; The role of lifestyle changes, exercise and cardiac rehabilitation; Drug therapy updates; Risk calculation

10:40 am - 11:40 am - Pulmonology

Lung Cancer Screening & Pulmonary Nodules

Appropriate use of the new lung cancer screening recommendations; Fleischner Society guidelines and American College of Chest Physician Lung Cancer guidelines; approach to definitive evaluation and management strategies

11:40 am - 12:40 pm - Pulmonology

Deep Vein Thrombosis & Pulmonary Embolism

Clinical presentation: The great masquerader; diagnostic controversies; acute treatment; chronic therapy and complications; ACCP Guidelines.

12:40 pm

Session Adjourns

Thursday, August 7, 2025

7:00 am

Registration and Continental Breakfast

7:30 am - 8:30 am - Cardiology

Heart Failure

Etiologies and stages of heart failure; ACC/AHA Heart Failure Guidelines; Heart failure with reduced EF (HFrEF) and heart failure with preserved EF (HFpEF); Determining patients for referral using biomarkers, eg NT Pro BNP; Treatment options: ACE inhibitors, ARBs, ARNI, beta blockers, mineralocorticoid receptor antagonists, SGLT2i; The role of devices in treatment and antiplatelet drugs; Issues related to the hospitalized patient with acute decompensated heart failure and readmissions

8:30 am - 9:30 am - Cardiology

Hypertension

The 2017 AHA/ACC Hypertension Guidelines; The 2024 ESC Guidelines for hypertension; Approaches to treatment thresholds and goals; Choices for initial and combination therapy; Resistant hypertension; Treating special populations: diabetics, the elderly, patients with renal failure

9:30 am

Conference Adjourns

Target Audience

This program is targeted to office-based primary care providers and other health professionals with updates in primary care medicine

Learning Objectives

Upon completion of this program, participants should be better able to:

- Recommend appropriate exercise prescriptions for common shoulder injuries
- Diagnose and treat elbow injuries
- Diagnose and treat wrist, hand, and finger injuries
- Utilize observation, palpation, range of motion and neurologic exams to diagnose knee injuries
- Recognize chronic injuries and pain syndromes to the foot and ankle
- Describe risks and benefits of traditional pharmacologic agents for treating arthritis
- Evaluate and manage common musculoskeletal problems and pain in the elderly
- Discuss interpretation of bone scans and identify risk assessment
- Assess and manage gait disorders to prevent falls
- Utilize current evidence to design treatment strategies for gout

- Diagnose and manage patients with asthma
- Design treatment strategies reflective of current evidence-based medicine for common respiratory infections
- Describe the current therapeutic management of COPD
- Discuss diagnosis and screening strategies as well as treatment plans for lung nodules and lung cancer
- Diagnose deep vein thrombosis and pulmonary embolism and discuss appropriate therapeutic options
- Describe current diagnostic approaches and the role of drug therapy to the patient with acute chest pain
- Describe the work-up, risk assessment and test selection of patients with suspected CAD
- Implement lifestyle changes as well as lipid and cholesterol guidelines for the prevention of CAD
- Implement treatment strategies reflective of recent guidelines and current evidence based medicine for heart failure
- Explain current concepts in the diagnosis and treatment of hypertension

Disclosure of Relevant Financial Relationships

Medical Education Resources ensures balance, independence, objectivity, and scientific rigor in all our educational activities. In accordance with this policy, MER identifies financial relationships with its instructors, content managers, and other individuals who are in a position to control the content of an activity. All relevant financial relationships have been mitigated by MER to ensure that all scientific research referred to, reported, or used in a CE activity conforms to the generally accepted standards of experimental design, data collection, and analysis, MER is committed to providing learners with high-quality CE activities that promote improvements or quality in healthcare, and not the business interests of an ineligible company.

Disclaimer

The content, views and opinions presented in this educational activity are those of the authors and do not necessarily reflect those of Medical Education Resources. The authors have disclosed if there is any discussion of published and/or investigational uses of agents that are not indicated by the FDA in their presentations. Before prescribing any medicine, primary references and full prescribing information should be consulted. Any procedures, medications, or other courses of diagnosis or treatment discussed or suggested in this activity should not be used by clinicians without evaluation of their patient's conditions and possible contraindications or dangers in use, review of any applicable manufacturer's product information, and comparison with recommendations of other authorities. The information presented in this activity is not meant to serve as a guideline for patient management.

Accreditation Statements

Joint Accreditation for Interprofessional Continuing Education

In support of improving patient care, Medical Education Resources is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

This activity was planned by and for the healthcare team, and learners will receive 20 Interprofessional Continuing Education (IPCE) credits for learning and change.

Physician Credit Designation

AMA PRA Category 1 Credits™

Medical Education Resources designates this live activity for a maximum of 20 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

American Board of Internal Medicine MOC Recognition (ABIM)

Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to 20 (part II) MOC points in the American Board of Internal Medicine's (ABIM) Maintenance of Certification (MOC) program. Participants will earn MOC points equivalent to the amount of CME credits claimed for the activity. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC credit.

American Academy of Family Physicians (AAFP)

Application for CME credit has been filed with the American Academy of Family Physicians. Determination of credit is pending.

American Osteopathic Association (AOA)

These programs are approved for 20 hours in Category 2-A by the American Osteopathic Association.

American College of Emergency Physicians (ACEP)

This program is approved by the American College of Emergency Physicians for a maximum of 20 hours of ACEP Category I credit.

Canadian Physicians

The American Academy of Family Physicians (AAFP) and the College of Family Physicians of Canada (CFPC) have a bilateral reciprocal certification agreement whereby: CME/CPD activities held across the Canada - U.S. border are certified according to the nationality of the primary target audiences regardless of where the providers are located. The activities will be reviewed according to the criteria of the certifying organization.

Nursing Credit Designation

American Nurses Credentialing Center (ANCC)

Medical Education Resources designates this live activity for a maximum of 20 ANCC nursing contact hours. Nurses will be awarded contact hours upon successful completion of the activity.

This activity is designated for 7.0 ANCC pharmacotherapeutic contact hours.

American Academy of Nurse Practitioners (AANP)

The American Academy of Nurse Practitioners (AANP) Certification Board recognizes and accepts continuing education (CE) contact hours from activities approved by AMA, ACCME, ANCC, AANP, AAFP and AACN.

California Board of Registered Nursing

Medical Education Resources is approved by the California Board of Registered Nursing, Provider Number 12299, for 20 contact hours.

Physician Associates Credit Designation

American Academy of Physician Associates (AAPA)

Medical Education Resources has been authorized by the American Academy of PAs (AAPA) to award AAPA Category 1 CME credit for activities planned in accordance with AAPA CME Criteria. This activity is designated for 20 AAPA Category 1 CME credits. PAs should only claim credit commensurate with the extent of their participation.

Pharmacy Accreditation

Accreditation Council for Pharmacy Education (ACPE)

Medical Education Resources (MER) designates this live continuing education activity for 20 contact hours (2.0 CEUs) of the Accreditation Council for Pharmacy Education.

Universal Program Number: JA0003680-0000-25-XXX-L01-P

Participants will be required to sign in at the start of the program and/or complete a program evaluation.

Credits will be uploaded into CPE Monitor within 60 days of the activity.

This activity is certified as Knowledge-based CPE.
