GERIATRIC MEDICINE FOR PRIMARY CARE: CARDIOLOGY/DERMATOLOGY/GERIATRICS

**Walt Disney World® Resort, FL - Disney's Yacht & Beach Club Resorts
April 23 - 25, 2027**

Friday, April 23, 2027

7:00 am

Check-In and Breakfast

7:30 am - 8:30 am - Cardiology

Primary Prevention of Cardiometabolic CVD

Definitions; AHA/ACC and other lipid guidelines updates; HDL Cholesterol: The good cholesterol?; Metabolic syndrome and/or obesity; Who needs treatment and how much; The role of lifestyle changes, exercise and cardiac rehabilitation; Drug therapy updates; Risk calculation; Role of pooled equations for risk estimates

8:30 am - 9:30 am - Cardiology

Work-up of Patients with Suspected CAD

Risk factor evaluation and risk assessment models; 2021 ACC/AHA Chest Pain Guidelines; Test selection including ECG, echo, nuclear and newer imaging modalities (including discussion of appropriate use criteria--AUC); The usefulness of CT scanning; The role of bio markers and EBCT; Suspected CAD in special populations (women, diabetics, the elderly)

9:30 am - 9:40 am

Coffee Break

9:40 am - 10:40 am - Cardiology

Heart Failure

Etiologies and stages of heart failure; ACC/AHA Heart Failure Guidelines; Heart failure with reduced EF (HFrEF) and heart failure with preserved EF (HFpEF); Determining patients for referral using biomarkers, eg NT Pro BNP; Treatment options: ACE inhibitors, ARBs, ARNI, beta blockers, mineralocorticoid receptor antagonists, SGLT2i; The role of devices (ICD and/or CRT) in treatment and antiplatelet drugs; Issues related to the hospitalized patient with acute decompensated heart failure and readmissions

10:40 am - 11:40 am - Dermatology

Dermatitis

Discussion of the common subtypes of dermatitis; Recognition, diagnosis, and management considerations; Topics covered include atopic, contact, and seborrheic dermatitis, among others

11:40 am - 12:40 pm - Dermatology

Papulosquamous Diseases

Diagnostic principles of skin lesions consisting of red or purple papules; Psoriasis, lichen planus, pityriasis rosea, lupus erythematosus; Discussion of how to tell one scaly rash from another

12:40 pm

Session Adjourns

Saturday, April 24, 2027

7:00 am

Arrival and Breakfast

7:30 am - 8:30 am - Dermatology

Acne and Acneiform Eruptions

Discussion of acne, rosacea, and select follicular disorders; Determination of treatment therapies based on acne grading scale; Diagnosis and treatment approaches; Topical and systemic therapy

8:30 am - 9:30 am - Dermatology

Premalignant and Malignant Skin Tumors

Recognition of precursors of malignancies; Excisional and punch biopsies; Actinic keratosis, Bowen's disease, squamous cell carcinoma, basal cell carcinoma, melanoma and other selected tumors; Risk reduction education

9:30 am - 9:40 am

Coffee Break

9:40 am - 10:40 am - Cardiology

Arrhythmias

Types and symptoms of arrhythmias; Approach to the patient: when to treat, when to refer, when to admit; Evaluation of the patient with palpitations; Atrial fibrillation: the use of anticoagulants indications, CVA risk scores, warfarin vs newer oral anticoagulants, controlling heart rate vs rhythm; Ventricular and other arrhythmias: when are they serious

10:40 am - 11:40 am - Geriatrics

Approach to the Geriatric Patient

The demographics of aging and the physiologic changes in the elderly patient; Medication use in the elderly including changes in age-related pharmacokinetics and pharmacodynamics and medication adherence; Review of risky medications often used in elderly patients

11:40 am - 12:40 pm - Geriatrics

Alzheimer's & Other Dementias

Review of normal age-related changes in cognitive function as well as disorders of memory and cognition as part of dementing illness; Mental status exams, including their limitations in evaluating memory; Various types of dementia and the importance of an accurate diagnosis; Current treatment options for various kinds of dementia; Potentially reversible dementias; The responsibilities of healthcare providers in managing patients with dementia

12:40 pm

Session Adjourns

Sunday, April 25, 2027

7:00 am

Arrival and Breakfast

7:30 am - 8:30 am - Geriatrics

Vascular Disorders in the Older Adult

Peripheral vascular disease; DVT/thromboembolic disease; abdominal aortic aneurysm and related disorders

8:30 am - 9:30 am - Geriatrics

Urological Disorders in the Older Adult

Review common lower urinary tract symptoms (LUTS) in older adults that may progress to incontinence; Practical approaches to differential diagnoses and management of Stress Incontinence, Overflow Incontinence, and Overactive Bladder (OAB), leading to Urge Incontinence

9:30 am

Conference Adjourns

Target Audience

This program is targeted to office-based primary care providers and other health professionals with updates in primary care medicine

Learning Objectives

Upon completion of this program, participants should be better able to:

- Implement lifestyle changes as well as lipid and cholesterol guidelines for the prevention of CAD
- Describe the work-up, risk assessment and test selection of patients with suspected CAD
- Implement treatment strategies reflective of recent guidelines and current evidence based medicine for heart failure
- Describe current diagnostic and treatment approaches to arrhythmias and atrial fibrillation
- Differentiate between the presentations and causes of atopic, contact (irritant and allergic), and nummular dermatitis
- Discriminate the diagnostic principles and treatment options for papulosquamous diseases with red, raised bumps
- Describe the step-wise approach for the diagnosis and treatment of acne and acneiform eruptions
- Detect pre-cancerous and cancerous skin lesions
- Utilize a comprehensive geriatric assessment to identify potential issues in the elderly patient
- Diagnose and treat cognitive impairment, dementias, and Alzheimer's disease
- Recognize and screen elderly patients for CVD risk factors
- Review common lower urinary tract symptoms (LUTS) that may progress to urinary incontinence, and initiate treatment options

Disclosure of Relevant Financial Relationships

Medical Education Resources ensures balance, independence, objectivity, and scientific rigor in all our educational activities. In accordance with this policy, MER identifies financial relationships with its instructors, content managers, and other individuals who are in a position to control the content of an activity. All relevant financial relationships have been mitigated by MER to ensure that all scientific research referred to, reported, or used in a CE activity conforms to the generally accepted standards of experimental design, data collection, and analysis. MER is committed to providing learners with high-quality CE activities that promote improvements or quality in healthcare, and not the business interests of an ineligible company.

Disclaimer

The content, views and opinions presented in this educational activity are those of the authors and do not necessarily reflect those of Medical Education Resources. The authors have disclosed if there is any discussion of published and/or investigational uses of agents that are not indicated by the FDA in their presentations. Before prescribing any medicine, primary references and full prescribing information should be consulted. Any procedures, medications, or other courses of diagnosis or treatment discussed or suggested in this activity should not be used by clinicians without evaluation of their patient's conditions and possible contraindications or dangers in use, review of any applicable manufacturer's product information, and comparison with recommendations of other authorities. The information presented in this activity is not meant to serve as a guideline for patient management.

Accreditation Statements

Joint Accreditation for Interprofessional Continuing Education

JOINTLY ACCREDITED PROVIDER™
INTERPROFESSIONAL CONTINUING EDUCATION

In support of improving patient care, Medical Education Resources is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

This activity was planned by and for the healthcare team, and learners will receive 12 Interprofessional Continuing Education (IPCE) credits for learning and change.

Physician Credit Designation

AMA PRA Category 1 Credits™

Medical Education Resources designates this live activity for a maximum of 12 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

American Board of Internal Medicine MOC Recognition (ABIM)

Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to 12 (part II) MOC points in the American Board of Internal Medicine's (ABIM) Maintenance of Certification (MOC) program. Participants will earn MOC points equivalent to the amount of CME credits claimed for the activity. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC credit.

American Academy of Family Physicians (AAFP)

AAFP has reviewed Geriatric Medicine for Primary Care: Cardio/Derm/Geri and deemed it acceptable for up to 12.00 Live AAFP Prescribed credit(s). Term of approval is from 4/23/2027 to 4/25/2027. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

American Osteopathic Association (AOA)

These programs are approved for 12 hours in Category 2-A by the American Osteopathic Association.

American College of Emergency Physicians (ACEP)

This program is approved by the American College of Emergency Physicians for a maximum of 12 hours of ACEP Category I credit.

Canadian Physicians

The American Academy of Family Physicians (AAFP) and the College of Family Physicians of Canada (CFPC) have a bilateral reciprocal certification agreement whereby: CME/CPD activities held across the Canada - U.S. border are certified according to the nationality of the primary target audiences regardless of where the providers are located. The activities will be reviewed according to

the criteria of the certifying organization.

Nursing Credit Designation

American Nurses Credentialing Center (ANCC)

Medical Education Resources designates this live activity for a maximum of 12 ANCC nursing contact hours. Nurses will be awarded contact hours upon successful completion of the activity.

This activity is designated for 6 ANCC pharmacotherapeutic contact hours.

American Academy of Nurse Practitioners (AANP)

The American Academy of Nurse Practitioners (AANP) Certification Board recognizes and accepts continuing education (CE) contact hours from activities approved by AMA, ACCME, ANCC, AANP, AAFP and AACN.

California Board of Registered Nursing

Medical Education Resources is approved by the California Board of Registered Nursing, Provider Number 12299, for 12 contact hours.

Physician Associates Credit Designation

American Academy of Physician Associates (AAPA)

Medical Education Resources has been authorized by the American Academy of PAs (AAPA) to award AAPA Category 1 CME credit for activities planned in accordance with AAPA CME Criteria. This activity is designated for 12 AAPA Category 1 CME credits. PAs should only claim credit commensurate with the extent of their participation.

Pharmacy Accreditation

Accreditation Council for Pharmacy Education (ACPE)

Medical Education Resources (MER) designates this live continuing education activity for 12 contact hours (1.2 CEUs) of the Accreditation Council for Pharmacy Education.

Universal Program Number: JA0003680-0000-21-XXX-L01-P

Participants will be required to sign in at the start of the program and/or complete a program evaluation.

Credits will be uploaded into CPE Monitor within 60 days of the activity.

This activity is certified as Knowledge-based CPE.
